I want to take advantage of this Pre Season Pump and Magneto check out offer.
I am enclosing my fuel pump and magneto for a dyno test on the flow bench and the mag drive bench for a full load test run.

Once the pump and mag have been checked out you will be advised of their conditions and advised of the return shipping costs. You may pay by credit card (see below) or bank deposit. A credit card is the quickest turn around because we don't have to wait for bank clearances before shipping.
