

# DRS Potential Schedule Dates

These are the current potential Drag Race School dates.

For Standard Sessions please email me all the dates you are interested in [ken@kenlowe.com.au](mailto:ken@kenlowe.com.au)

The more dates you select the easier it is to get your schedule matched up with other participants.

For One on One session select any date you desire providing we have at least two weeks notice and we can do your 1on1 session.

I have several individual clients all awaiting someone else to select a date to coincide with theirs so we can schedule a DRS session. If you haven't sent in your complete application form, please include with this schedule information. Gift certificates are available.

**NOTE: All booking dates MUST be made at least two weeks in advance so track hire, ambulance and fire crews can be organized. Scheduling track availability can push this out even further as I can give no guarantees until a**

**booking is to be made with the race track along with payment at that time. I must point out that I have no control over the weather and by the nature of the sport of Drag Racing we cannot race in wet conditions and certainly not put inexperienced drivers in a dangerous and unsafe environment. If it rains our only option is to reschedule.**

**In the 12 years of doing the Drag Race School we went for ten years without a single rain out, although we did get close to a rain out, a couple of times. The last couple of years we have had a few of them and it causes pain for everyone. I wish there was an alternative but you need a clean, dry and sticky surface to launch a 800HP car to the ground and you can't do that if it is raining. One thing to remember .... this is NOT an Amusement Ride, this is a real race car on a real race track. It is not a normal car with the inside paneling pulled out, open exhaust and some stickers on it to look like a race car. Even with novice drivers on a lease program, this car has led what is considered by many to be the toughest championship series in Australia, the Willowbank Championship, and the DRS car has done this several times, unfortunately for our team we did not win the Championship in the end, although we did come close a few times and all of this was with first year drivers. When you consider the experience and skill levels of the competitors in the other lane, many of them having raced for decades, this is a big accomplishment for a novice driver. I should point out here that when the Willowbank Track Championship was won, it was a "sister" Ken Lowe car to our DRS car that has won 9 of the last 10 championships. When I say a sister car, I mean the car (chassis) is identical except for a bracket or two and all the cars have different engines.**

**After 47 years of drag racing myself I have gotten used to living with the schedule disruptions, although it can be frustrating for all of us.**

## September 2011

Tuesday - 6 September 2011

Wednesday - 7 September 2011

Tuesday - 13 September 2011

Wednesday - 14 September 2011

Tuesday - 20 September 2011

Wednesday - 21 September 2011
